- Multi-Conductor Cables
- Paired Cables
- Coaxial Cables
- Industrial Cables (Armored / Instrumentation)
- Commercial Networking – Copper
- Commercial Networking – Optical Fiber
- Broadcast Products
- Sound, Security and Alarm Cables
- Hook-Up and Lead Wire (700k)
- Telecommunication Cable – British Standard
- Telecommunication Cable - Digital
- Power & Control Cable
- Mining Cables, Oil and Gas Cables, Industrial and VFD Cables

PRODUCT PORTFOLIO

- Low Voltage, Electronic, Data, Fiber and Special Cables
- Structured cabling solutions
- Cable Management Solutions
- Cables & Accessories (BMS, A/V, etc.)
- BNC and RF Connectivity
- Cabinets, Racks & data center hardware
- Industrial Ethernet Switches & Routers
- LAN Solutions (Structured Cabling)
- Security Solutions (CCTV / Access Control)
- Structured Wireless Solutions
- Networking Solutions
- Electrical Accessories

MARKET SEGMENT & SERVICES

We cater to the various market segments. Our industrial sector covers Oil and Gas and Petrochemicals, Process Control and Automation plus Industrial Ethernet and Security.

Our Residential and Commercial sector includes Building Management Systems, Security and IT-Networking.

For the Entertainment sector we provide tailor-made solutions for Broadcast, Audio/Video, Connectivity, Broadband and Assemblies.

In Telecommunication we cover LAN/WAN, Cabling and Connectivity.

Services :

Cut to length- This service aims to customize the cable's length as per client's requirements. This will reduce wastage and grant the client considerable savings.

Immediate delivery- We have the ability to provide immediate delivery to customers, based on our stock and backed by an established supply chain with an efficient logistics team.

Solution provider- We provide complete end to end cable and connectivity solution (propose, design, supply) to our valued clients.

Cutting and Re-spooling facility

REPUTED BRANDS

Belden is a world class manufacturer of signal transmission products, primarily for the entertainment, residential, industrial and security market, Belden is one of the largest U.S. based manufacturers of high-speed electronic cables and focuses on products for the specialty electronics and data networking markets including connectivity.

Belden is the brand customers count on the most for the best product performance and expert care and advice-whenever and wherever they need to transmit a signal.

Belden offers thousands of wire and cable products such as multi conductor, paired, coaxial, flat and optical fiber cables, plus portable cordage, molded cable assemblies, hook-up and lead wire. The standard Belden product offering also includes a complete selection of data network connectivity products and structured cabling systems and services, enclosures and racks, surface raceway systems, and cable management accessories. All Belden products are designed and manufactured to the strictest quality standards in the industry, resulting in an incomparable reputation for world-wide reliability.

CABLE DEPOT FZCO is officially recognized as a member of the Belden Preferred Partner Program. As a leader in signal transmission solutions, Belden takes great pride in its ability to meet the local needs of its customers around the world. To do this effectively, they have appointed a select group of authorized Channel Partners in the Belden Preferred Partner Program that offers high-availability and service excellence for Belden solutions at a local level.

Belden Preferred Partners stand apart from other Channels. Membership of the Preferred Partner Program assures our Customers :-

- Secure supply chain of products sourced direct from the manufacturer
- Local access and high availability of Belden inventory
- Manufacturer-backed warranty for products procured from authorized Preferred Partners
- Trusted Partner with the technical competence to select the right solution for your needs
- World-class support from trained and certified service agents

REPUTED BRANDS

Established in the year 1922, Alpha Wire today is recognized for high-quality, premium-grade products for the widest range of applications.

From the harsh environment of a factory floor, to critical controls on an offshore oil rig, cables from Alpha Wire is working reliably day-in and day-out. Alpha Wire design and manufacture every cable to meet the critical demands of real world applications.

Using premium materials, advanced manufacturing, and world-class quality control, Alpha Wire manufacture every cable knowing its operation is critical to an application's success.

Alpha Wire gives you choices so you can find the exact products for your application. They offer the brands respected in the industry—like the high performance of Xtra-Guard cable, the broad offering of Manhattan electrical cable, the seaworthy toughness of Dearborn marine cable, or the exceptional sealing and protection of FIT heat-shrink tubing. Alpha Wire has a wide range of wire, cable, tubing, and accessories that will make any application perform to specification.
